November, 2010

Message From Our President:

Another year has passed. Our last meeting was October 2nd. Through our sponsorship of other organizations, we have been able to reduce the carp populations on both lakes and have added 500 muskies this year alone to the lakes. We will continue to address issues that affect our lakes all year long. We encourage our members to bring new members in to help our cause.

Terry King

Picnic:

The picnic was great this year. I would like to thank all the people who pitched in and gave me a hand. Amber Placek & Justin for the kid's games. Erv Casper for the horse shoes (I know nothing about horse shoes). Thanks Erv you helped a lot. Thanks to Vince & Dorothy for selling tickets. Thanks to all that were there to make this another great picnic.

Rich Placek

We hope that all of our members have a safe and warm season. Enjoy the holidays with your families and friends. See you all next spring.
